

CODE OF CONDUCT:

Grassroots competitions played a huge part in the early days of The Peacock Brothers' wakeboarding journey. Getting the opportunity to meet and ride with others from parks across the country played a huge part in kick starting their professional careers.

From this idea, Rookie Rumble was formed. With the goal of creating an experience suitable for everybody to enjoy, the low pressure jam-style format has everybody on the edge of their seats watching the action go down!

Redefining the conventional cable wakeboarding competition. Creating an incredible experience for any rider, Rookie Rumble is more than just about who wins.

Creating friendships, supporting one another and celebrating the time we spend together on the water is what this competition is all about.

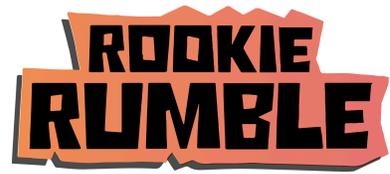

We know we can make wakeboarding great again, but we need to do it together. Building a strong, safe, supportive cable wakeboarding community is a core goal of ours, and the Rookie Rumble Code of Conduct is in place to ensure we can make that possible!

THE COMPETITION IS A SAFE RIDER SPACE

Rookie Rumble was founded on Inclusivity, Encouragement, Respect and Sportsmanship, and it is all of our responsibilities to uphold these core values. Discrimination, abuse, bullying or harassment of any kind will not be tolerated.

WAKEBOARDING IS AN EXTREME SPORT

That cable riding presents a number of inherent risks is an indisputable fact. A fact that needs to be respected at all times. Intentionally reckless or dangerous behaviour — be that on or off the water — is not acceptable under

any circumstances. We won't be warning you twice - any such conduct will result in immediate disqualification and a 12 month competition ban.

RIDING UNDER THE INFLUENCE AND/OR POSSESSION OF ILLEGAL SUBSTANCES

It's not just yourself you're putting at risk, it's all other people on the water. If we sense you're intoxicated, we'll have no choice but to disqualify you with immediate effect. The possession/use of illegal substances or unlawful activity of any kind will also result in immediate ejection from the competition and a 12 month competition ban will apply in both cases.

WE'RE COMPETITION LEADS, BUT STILL PARK GUESTS

And so it is ultimately on us to make sure all competing participants stick to host park rules. We will not be responsible for bailing you out: if we are made aware of behaviour contravening these, our decision to disqualify will be immediate and final.

WE'RE IN THIS TOGETHER 🤝

Competitions can be intense, and one thing we'll never do is force you to ride. We know nerves can get the better of us sometimes and will do whatever we can to support you in your quest to compete. All we ask is that you show up — for yourself and your fellow riders — and give it everything you've got.

By participating in Rookie Rumble you hereby acknowledge you have understood and agree to adhere to the above Code of Conduct.
